

COLLEGE COUNSELING AGREEMENT

We (Shen Educational Consulting, LLC) will provide advice and guidance to You (the Student and his or her Parents) in connection with the student's selection of and applications to colleges. We will identify college options that we believe match the student's needs, goals, and profile.

We are unbiased and open to all colleges. We do not accept fees from any colleges for the referral or placement of students.

We believe our advice and guidance will improve the chances of the Student finding the right college, but we do not guarantee that the Student will be accepted at any college. The Student's acceptance into a college depends on numerous factors including the Student's prior academic performance, academic testing results, and extracurricular activities, as well as other variables outside of our control. Moreover, acceptance will depend on the reputation and popularity of the college and the number and profiles of other applicants. These factors may change from year to year.

We will provide You with personalized advice and guidance based upon the Student's academic history and interests. We will make every effort to ensure the information provided is correct and as current as possible. As part of our method, we will expect the Student to actively participate in the tasks we assign.

You are responsible for selecting colleges to which the Student applies; confirming data, admission requirements, student admission profiles and facts directly with the colleges; completing all applications; submitting all documents; and meeting all deadlines.

The work product we provide You is solely for your use. You may not provide it to anyone else without our prior written permission.

We will maintain your academic and financial information as confidential. We will not release your academic or financial information except as authorized by you in the processing of college applications.

The agreement and all of the services it delineates are effective from the date the agreement is signed through May 15 of the student's senior year.

Program fees must be paid in full on or before the day of the first appointment. If a payment plan has been put in place, the last installment needs to be paid by May 1 of the Student's junior year. Program fees are not refundable.
